

We are living in surreal times, and for many musicians and artists the current situation means an indeterminate period without direct engagement with the audience.

**At Scandinavian Cello School we are aware that many musicians and artists are desperate for a change of scene from their isolation in their own studios and homes. Therefore in 2021, Scandinavian Cello School will open their doors for any musicians or artists, who want a bespoke getaway from the city. For the first time ever, we also welcome university students who want to benefit from a stay in the countryside to work on their own projects (such as thesis writing, research projects, etc.).**

**We know times are financially tough for all freelance artists and musicians and for this reason we offer stays with a massive 60% reduction from our “regular” price. For 2021, our special getaway package is now offered at 250 kr. per day for artists, musicians and students.**

## What does the “getaway” include?

### - Single room

*Each guest has a single room (please note the bathroom is shared).*

### - Food

*At SCS a large emphasis is put on the food we eat - almost all our ingredients are fresh, locally sourced and often organic. We provide breakfast supplies in the communal kitchen (often with newly baked bread and fresh eggs from our own chickens). The day culminates with a “family fine dining” evening meal for all the guests staying. Tea/coffee is provided at any time, and the kitchen is at your disposal for preparing your own food during the day. Please note - a vast selection of alcoholic drinks from around the world are available for purchase on site.*

### - Usage of our facilities

*SCS was renovated and re-designed as a practice/rehearsal facility. Therefore we have a beautiful music room available 24 hours a day, complete with 1917 Bechstein grand piano, hi-fi system, internet with pro-zoom account set up and ready to use for distance learning. An office with desk space and sea view, plus several further practice rooms are available.*

- **Equipment and hobbies**

*During the year, SCS is run as a collective for cellists. There is always plenty to do in the fresh air - and you are most welcome to help us with various things around the property (planting vegetables, chopping wood, etc.) or try your hand at fishing to catch something for dinner. Our kitchen is open for you if you would like to bake some cakes for the residents - and we also have bikes which are available to use and cycle around the local nature area. In good weather, boating trips are possible on our little fishing boat!*

- **Are you a cellist? Or are you another instrumentalist and would you like some help with anything career related?**

*The situation remains the same as before our "corona" shutdown: All tuition is free of charge for musicians if they would like it! For cellists we recommend stays or either 3 or 5 days with a lesson with Jacob Shaw of 60 minutes every second day. For other instruments you can have help with career related activities (writing biographies, setting up festivals, other questions, etc.). If you have a specific interest (baroque music, modern music, etc.) we can arrange distance learning sessions with a vast network of industry leaders.*

## Terms and Conditions

### - Corona test needed

All guests must have a negative COVID-19 test in order to stay at SCS

### - Getting to Scandinavian Cello School

*You should arrange your own transport to Højstrupvej 19 (Rødvig, Stevns). There is ample car parking space available.*

*We are easily reached by public transport (Copenhagen - Køge - Rødvig St.), where we can offer pick up from the train station for 50 kr. The train station is only 5km away, so SCS is easily reached by bike from there too. Flextrafik works well in Stevns, so we can recommend downloading the app. Alternatively Taxa Stevns also runs a taxi service (around 150 kr from the station to SCS).*

*Alternatively we can help arrange private transportation from Copenhagen "door to door" for 600 kr. (price per trip, maximum capacity 3 people).*
