

The last 2 years have been surreal for many musicians and artists, leaving them in a situation without direct engagement with their mentors or audiences.

At Scandinavian Cello School we helped throughout that time with short stays (when pandemic safety restrictions allowed) and free online tuition throughout the whole period.

We aware that many musicians and artists are desperate for a change of scene from their own studios and homes. Therefore in autumn and winter 2021/22, Scandinavian Cello School will open their doors for any musicians or artists, who want a bespoke getaway from the city. Continuing on from our pilot stays for university students wanting to benefit from a stay in the countryside to work on their own projects (such as thesis writing, research projects, etc.), we now have decided that not only musicians, but students and young professionals across all subjects are most welcome at Scandinavian Cello School

We know times are financially tough for all young freelancers and students and for this reason we continue to offer stays with a massive 60% reduction from our “regular” price. For autumn/winter 2021/22, our special getaway package for these visitors remains the same - offered at 250 kr. per day.

What does the “getaway” include?

- Single room

Each guest has a single room (please note the bathroom is shared).

- Food

At SCS a large emphasis is put on the food we eat - almost all our ingredients are fresh, locally sourced and often organic. We provide breakfast supplies in the communal kitchen (often with newly baked bread and fresh eggs from our own chickens). The day culminates with a communal evening meal for all the guests staying. Tea/coffee is provided at any time, and the kitchen is at your disposal for preparing your own food during the day. Please note - a vast selection of alcoholic drinks from around the world are available for purchase on site.

- Usage of our facilities

SCS was renovated and re-designed as a practice/rehearsal facility. Therefore we have a beautiful music room available 24 hours a day, complete with 1917 Bechstein grand piano, hi-fi system, internet with pro-zoom account set up and ready to use for distance learning. An office with desk space and sea view, plus several further practice rooms are available.

- Equipment and hobbies

During the year, SCS is run as a collective for cellists. There is always plenty to do in the fresh air - and you are most welcome to help us with various things around the property (planting vegetables, chopping wood, etc.) or try your hand at fishing to catch something for dinner. Our kitchen is open for you if you would like to bake some cakes for the residents - and we also have bikes which are available to use and cycle around the local nature area. In good weather, boating trips are possible on our little fishing boat!

- Are you a cellist? Or are you another instrumentalist and would you like some help with anything career related?

The situation remains the same as before our "corona" shutdown: All tuition is free of charge for musicians if they would like it! For cellists we recommend stays of either 3 or 5 days with a lesson with Jacob Shaw of 60 minutes every second day. For other instruments you can have help with career related activities (writing biographies, setting up festivals, other questions, etc.). If you have a specific interest (baroque music, modern music, etc.) we can arrange distance learning sessions with a vast network of industry leaders.

Terms and Conditions

- Corona test needed

All guests must have a COVID-19 vaccine in order to stay at SCS.

- Getting to Scandinavian Cello School

You should arrange your own transport to Højstrupvej 19 (Rødvig, Stevns). There is ample car parking space available.

We are easily reached by public transport (Copenhagen - Køge - Rødvig St.), where we can offer pick up from the train station for 50 kr with good notice. The train station is only 5km away, so SCS is easily reached by bike from there too. Flextrafik works well in Stevns, so we can recommend downloading the app. Alternatively Taxa Stevns also runs a taxi service (around 150 kr from the station to SCS). Ringsted Station has direct trains from Germany and we can arrange pick up for 300 kr.

Alternatively we can help arrange private transportation from Copenhagen "door to door" for 600 kr. (price per trip, maximum capacity 3 people).

- Cost and booking

With our special 60% reduction, each night costs 250kr. Check in is at 5pm. Check out is before lunchtime.

Please note: To stay at Scandinavian Cello School, you must be a member of our association, which has an additional administration fee of 250kr. This is added to your first night, therefore the first night is billed at 500kr with each additional night at 250 kr.

i.e. 2 night stay costs 750 kr. / 3 night stay costs 1000 kr. / 5 night stay costs 1500 kr.

Don't forget - all stays are provided with a bill for rehearsal space which can of course be withdrawn from your yearly tax bills as a freelance musician/artists!
